As a passing message,

If we actually take a stand -- back --- and up --- and look down upon our silly little selves acting all big bold and bad...

What we ought to keep in faith and mind,

the accompanying message ----

Please - if you do nothing but settle in on your contention to make a move of more blocking motion - really silly willy dilly a killy way of our next days....

Pass this message from higher wisdom--- ask Doctor Shigeno to call me to work out the means of what words he has back at me...

If there are no words but silence, I will make my filing and see you in court -- a plea onto the magistrate that deals with maybe the notion --

That not all out here is irrationally playing on a non-ending loop...

A door opens --- that door must be the door we walk through together --- this time is different --- and this time you will see --

You won't regret the means and choice of doing something new. I promise - I aim to be sweet kind and sublime.

Care to take a gander to never wander over yonder... the time and place is here and now --- Peace be with our decisions we do each moment ---

Till we meets,

Sacred keeps,

Never Weeps,

-Blessed Be-
